Expertos en mobiliario urbano

El objetivo de **BENITO** es equipar el espacio urbano para mejorar la calidad de vida de los ciudadanos creando productos bajo los criterios de calidad, diseño y respeto ambiental. Además, gracias a nuestra filosofía de **MOBILIARIO URBANO** de diseño al precio justo, ofrecemos un producto único en el sector.

Aspectos como la durabilidad, fácil mantenimiento, alta resistencia, armonía estética con el entorno y especialmente, su funcionalidad, son criterios que influyen en el diseño y fabricación de nuestro mobiliario urbano.

En **BENITO** el diseño representa un valor diferencial y nuestra gama de mobiliario urbano está pensada para cubrir las necesidades del mercado actual y las exigencias arquitectónicas más variadas. Por este motivo se presenta en tres estilos:

- **Diseño CLÁSICO**
Fabricamos productos estándar del mercado con un toque de distinción.
- **Diseño CONTEMPORÁNEO de creación propia**
Somos un referente en diseño con más de 500 registros de propiedad intelectual e industrial.
- **Diseño de AUTOR**
Colaboramos con arquitectos y diseñadores de prestigio.

Experts en mobilier urbain

L'objectif de **BENITO** est d'équiper l'espace urbain pour améliorer la qualité de vie des citadins en créant des produits au design qualitatif tout en respectant l'environnement. De plus, notre philosophie de conception du **MOBILIER URBAIN** à un prix juste, vous offre un produit unique dans le secteur.

Des aspects tels que la durabilité, la facilité de maintenance, la forte résistance, l'harmonie esthétique avec l'environnement et plus particulièrement la fonctionnalité sont les lignes de force de notre design et de notre fabrication de mobilier urbain.

Chez **BENITO**, le design est un choix et notre gamme de mobilier urbain est conçue pour répondre à la fois aux besoins actuels du marché aux exigences architecturales les plus variées.

Nos Gammes se déclinent en trois styles :

- **Design CLASSIQUE**

Nous fabriquons des produits standards avec une touche de distinction.

- **Design CONTEMPORAIN de création propre**

Nous sommes une référence en termes de design avec plus de 500 modèles déposés.

- **Design d'AUTEUR**

Nous travaillons avec des architectes et des designers prestigieux.

Experts in site furnishing

BENITO's goal is to equip the urban space to enhance quality of life for its inhabitants in accordance with the criteria of quality, design and care for the environment. Moreover, thanks to our **SITE FURNISHING** philosophy of smart design at the right price, we offer a product which is unique in the sector.

Factors like durability, easy maintenance, toughness, fitting into their surroundings and, in particular, functionality, are criteria which influence the design and manufacturing of our site furnishing.

At **BENITO** design is a differentiating factor and our range of site furnishing sets out to meet the needs of today's market and the most diverse architectural requirements. This is why it comes in three styles:

- **CLASSIC design**

We manufacture standard products for the market with a touch of distinction.

- **Our own CONTEMPORARY design**

We are a benchmark in design with more than 500 intellectual and industrial property registrations.

- **Design with a SIGNATURE**

We work together with prestige architects and designers.

Calidad certificada

En el marco de nuestra **gestión de calidad** tenemos implantado un sistema para controlar y asegurar que todo el equipamiento urbano cumple con los estándares de calidad y seguridad de fabricación de acuerdo con las normativas vigentes y, también, para evaluar el grado de satisfacción de nuestros clientes.

La certificación que avala la calidad de la gama de Mobiliario Urbano es la **ISO 9001:2000** otorgada por **Bureau Veritas Quality International, 2001**. Bureau Veritas Quality International está reconocida por la **Entidad Nacional de Acreditación (ENAC)**.

En **BENITO** consideramos que la calidad del Mobiliario Urbano es óptima cuando se concibe con criterios de estética, funcionalidad y respeto medioambiental. Por este motivo, desde el año 2002 tenemos implantado un **Sistema de Gestión Ambiental** certificado según la **normativa ISO 14001 por AENOR**, que garantiza la mejora continua en la gestión de residuos, recursos energéticos, emisiones atmosféricas y agua.

De las múltiples acciones que realiza para preservar el entorno y el cambio climático cabe destacar la importación de madera procedente de talas controladas avalada por el **Certificado FSC**.

La qualité certifiée

Dans le cadre de notre **gestion de qualité**, nous avons introduit un double système de contrôle des qualité et sécurité de fabrication, en conformité avec les normes en vigueur, mais également du degré de satisfaction de nos clients.

La certification qui garantit la qualité de la gamme de Mobilier Urbain est l'**ISO 9001 version 2000**, octroyée par **Bureau Veritas Quality International en 2001**. Bureau Veritas Quality International est reconnu par la **ENAC (société nationale d'accréditation)**.

Chez **BENITO** nous ne considérons que la qualité du Mobilier Urbain est au maximum que lorsque le mobilier est conçu selon des critères d'esthétiques, de fonctionnalité et de respect pour l'environnement. C'est pour cette raison que nous avons introduit depuis 2002 un **Système de Gestion de l'Environnement** certifié selon la **norme ISO 14001 par AENOR**, qui garantit l'amélioration constante dans la gestion des déchets, des ressources énergétiques, des émissions atmosphériques et de l'eau.

Parmi les différentes mesures prises afin de préserver l'environnement et de lutter contre le changement climatique, nous tenons à souligner l'importation de bois issu de coupes contrôlées et certifiées par le **Certificat FSC**.

Certified quality

As part of our **quality management** we have a system in place to monitor and ensure that all our street furniture meets the standards of quality and manufacturing safety required by current regulations, and also to assess the level of satisfaction of our customers.

The certification which assures the quality of the Site Furnishing range is **ISO 9001:2000** issued by **Bureau Veritas Quality International in 2001**. Bureau Veritas Quality International is recognised by the **Spanish national accreditation body ENAC**.

Here at **BENITO** we believe that the quality of site furnishing is at its best when it is conceived in accordance with criteria of appearance, functionality and care for the environment. This is why since 2002 we have had an **Environmental Management System in place**, certified in accordance with the **ISO 14001 standard by AENOR**. This guarantees constant improvement in the way we manage waste, energy resources, atmospheric emissions and water.

Among the many steps we have taken to care for the environment and combat climate change, a highlight is the import of wood from controlled forestry with the backing of the **FSC Certificate**.

Marcajes personalizados que marcan la diferencia

En **BENITO** ofrecemos la posibilidad de personalizar el mobiliario urbano mediante **marcajes personalizados** que permiten potenciar la imagen corporativa de su empresa o entidad y marcar la diferencia.

Los productos de mobiliario urbano se pueden personalizar con diferentes tipos de marcaje en función del tipo de producto.

En plaquetas personalizadas mediante la técnica de la **serigrafía**, o bien personalizadas mediante una **máquina herramienta rotativa de varios filos de corte** que mediante un control numérico permite obtener marcajes duraderos.

Le marquage à vie fait toute la différence

BENITO offre la possibilité de personnaliser le mobilier urbain avec le logo et/ou le blason de votre entreprise ou de votre Mairie.

Ces marquages personnalisés sont un support idéal de l'image de l'entreprise ou de la collectivité.

Nos Mobiliers urbain peuvent être marqués , suivant les matériaux ,

Soit par des plaquettes personnalisées grâce à la technique de la **séigraphie**,

Soit par **fraisage sur un centre d'usinage numérique**

Customised marking that makes all the difference

At **BENITO** we offer the possibility of personalising street furniture by means of **customised marking** to highlight the corporate image of your business or institution and make all the difference.

Site furnishing products can be customised with different kinds of marking depending on the type of product.

This can take the form of **printed** plaques, or customisation by means of a rotary marking **machine with a variety of cutting bits** to create lasting marking under numerical control
